

DIESEL GENERATOR SET

Model: YDS-50TEP

Rate Power: 50kVA/ 50Hz/ 3 phases (380V)

Applications:

Home, Buildings, Hospitals, Train station, Bank, Telecom, Mining, Military, Outdoor projects, etc.

Features and Benefits

- Tightly structure, excellent design and craft
- Excellent cooling system, reliable performance under the harshest conditions (ambient temperature up to 40°C and altitudes up to 1000m)
- Monitoring, alarm and automatic shutdown functions
- Automatic fuel level adjustment
- LCD display shows system status setup information
- Automatic voltage regulator protects your sensitive electronics from harmonic distortion and unstable power quality
- Soundproof type: Very quite running: 65±3dBA at 23ft(7m) at normal load.
- Enclosed muffler for added quietness
- Service and; maintenance accessible through easy-latch side service door

Color choices:

Generator Data

Continuous Power (kVA)	50
Standby Power (kVA)	55
Rated Frequency (Hz)	50
Running Noise db(A)/7m (Silent type)	65±3
3 Phases (V)	230/380
Curent (A)	79.5
No.Phase	3
ATS connection	Yes
Silent Type-Weight (kg)	2200
Fuel Tank Capacity (L)	70
Fuel	Diesel

Engine Specifications

Main features:

Brand: YANMAR

- 4-cylinder, water-cooled, in-line diesel engine.
- Efficient fuel system for max power output and durability.
- Large-capacity air cleaner.
- Cost effective, fuel efficient and reliable performance.
- Functional engine with compact structure.
- Excellent after-sales service and sufficient spare parts supplying.
- Easy installation and ready access for routine maintenance

Model	Diesel engine
Output Power (kW)	60
Cylinder No. & Config.	4, In-line, 4400 CC
Type	4 cycle, Diesel
Displacement (liters)	3.319
Governor	Mechanical type
Engine System (r/min)	1500
Air intake system	Natural
100% Fuel Consumption (L/h)	14.5
Oil Capacity (L)	80
Compression ratio	18.5:1

Alternator specifications

Main Features:

- Advanced automatic voltage regulator (AVR) control for trouble-free operation under the most demanding conditions.
 - 2/3 pitch winding as standard, to avoid excessive neutral current.
 - Single or two bearing construction with dynamically balanced rotor and sealed-for-life bearings.
 - Easy access for installation and maintenance.
 - IP23 as standard.
 - Self-excited control system.
- Resist of corruption of oil and acid.

Brand options:	Mecc-Atle/ Leroy Somer/ Benzen
Excitation System	Brushless alternator, 12V self-exciting
Connection Type	3 phases, 4 wires
Pole No	4
Automatic voltage regulator type (AVR)	
Protection class	IP23
Insulation class	H

Control Panel System

Options:

DEEP SEA

DATAKOM

COMAP

Main Features:

- Using ComAp InleliLite 9 with microprocessor as a core, graphics LCD with big screen and backlight, key touch for operation
- All parameters use digital modulation, with higher reliability and stability
- Built-in speed/frequency detecting units can accurately judge the states such as crank success and over speed
- Security password-protected programming levels
- Power supply range is wide, accommodating to different starting battery voltage environment
- Built-in watch dog can never be dead halt, ensuring smooth program execution
- Modular configuration design, inserted type connection terminals, flush type installation, compact structure, easy installation

Precision measure and display of:

- ✓ Generator voltage
- ✓ Generator current
- ✓ Generator frequency
- ✓ Generator active power (kW)
- ✓ Generator inactive power (kW)
- ✓ Generator apparent power (kVA)
- ✓ Generator power factor
- ✓ Generator starts count
- ✓ Generator hour count
- ✓ Cumulate electric energy (kWh)
- ✓ Generator temperature
- ✓ Generator pressure
- ✓ Start battery voltage

Protection:

- ✓ Emergency stop
- ✓ High water temperature
- ✓ Low oil pressure
- ✓ Over speed
- ✓ Under speed
- ✓ Loss of speed signal
- ✓ Generator over frequency
- ✓ Generator under frequency
- ✓ Generator over voltage
- ✓ Generator under voltage
- ✓ Generator over current
- ✓ Fail to start
- ✓ Auxiliary inputs
